# Our Services

## ✓ For Business

Woburn International has a good working relationship with Immigration New Zealand ensuring businesses looking to bring people from overseas progress efficiently through visa requirements. With our global network of strategic partners (including immigration lawyers), we can also help your team move offshore for work commitments.

## ✓ Investor and Entrepreneur visas

We begin by getting to know you, and finding out exactly what you're looking for in a business. We help you with guidance through the investment requirements. Following this due diligence, we will recommend any other services you may require. With all your support persons in place, we will help you write the business plan and budget for the chosen business and supply this to Immigration NZ.
